# TREATMENT

OF

## *DISEASE IN ITS VARIOUS FORMS*

BY THE

# WILSONIA

# MAGNETIC CLOTHING.

The principles of cure by this method are to be found in the influences exercised by continuous currents of magnetism upon all parts of the body, beginning with the nervous system, arousing this important part of the organism to a revival of its dormant energies; the blood, in turn, undergoes a purification by magnetization of its integral elements, and the various organs of the body, feeling the stimulating influence of the healthful current, are urged to a more vigorous performance of their several functions.

For example, the stomach performs more thoroughly the duty of gastric digestion; the intestines, that of assimilation and absorption; the kidneys, the excretion of effete and excrementitious matter; the lungs, a more thorough aeration of the blood, by which the vital changes from venous to arterial are effected, and especially are the cutaneous exhalations called into active operation whereby many of the impurities of the body are expelled, and, in time, the natural and healthy transpiration substituted.

When the fact is recalled that all these vital functions are renewed, after having been delayed and obstructed by the preventing forces of disease, and all this too without the

necessity for the introduction of drugs into the system, which, though doubtless in very many instances productive of good, and recuperative in their action, are yet in too many other instances the sources of much evil, because of injudicious administration, both as to quality and quantity.

When, we say, the fact is recalled that the subtle and harmless currents of magnetism, continuously applied, have wrought these marvelous changes, is there not abundant reason to be thankful that such a comforting solace, such a saving power is ours to do with for the maintenance of one of the greatest, if not the greatest, blessings that can be bestowed upon mankind—Health!

From one of our most recent testimonials we take the grateful words which have just been sent to us by one of our patients who has adopted our treatment since February.

WOODHULL, HENRY CO., ILL., April 21st, 1882.

The Magnetic garments you sent me came to hand about the last of February. I adjusted them the same day, and at this date, April 21st, am relieved of all my troubles. My head is clear, the ear-ache gone, and the pain in the stomach I have only felt twice, and that was a day or two after I put them on—I can walk with ease and eating does not give me pain. Before putting the garments on I could not walk in the wind twenty rods without feeling a bad sensation in the throat, which would diffuse itself through the lungs, and it would take an hour or two before I got over it. Yesterday I walked half a mile to a neighbor, and back. I sleep well, sing all day, and am feeling young—all done in less than two months by wearing the Wilsonia garments. Age, 63 years in June next.

ESTHER M. BURGESS.

Many more evidences of the success of our magnetic treatment might be added, with the names and residences of our patients, but, while withholding them for certain reasons from publication, we are ready to show our correspondence, which embraces all parts of the country, far and near, to all who may feel desirous of satisfying themselves of the accuracy of our statements.

# C. H. DENISON'S REFERENCE INDEX.

Patented November 20, 1877.

Applicable to Dictionaries, Directories, Catalogues, Bibles, Blank Books, Ledgers, Atlases, Commercial Agency Books, and all other books of reference, old or new.

It enables one to turn to any letter or subject with a single motion. If the book is lying with front cover up, and it is desired to open to any word beginning with C, pass the finger under that letter on the cover, into the notch beneath it, and the book is opened instantly to the position of the open volume in the cut. From this position one turns in the same way to any letter from D to M.

# HOOTON'S

# PATENT STOP-COCK & STREET-WASHER BOX.

The subscriber has long been impressed with the defectiveness of the old Cut-off and Street-Washer Boxes now in general use. Being made of wood, they naturally decay in a short time, or must be frequently renewed, or leave an unsightly or dangerous hole, to the defacement of premises, the obstruction of safe street travel, and the filling of the box to such an extent with dirt and stones as to make the apparatus entirely inoperative.

The wood having rotted, the iron cap loses its hold and is carried away by children, who next proceed to hammer away on the exposed rod, jamming the cock below, till any cut-off movement becomes impossible. The large area of the wooden box gives an extended hole to the frost, and so the thing rises from winter to winter till it becomes not only an eyesore but a very dangerous stumbling block.

**The following are some of the Points in which the New Box is Superior to the Old One.**

FIRST—There is no wood, to rot in a year or two, but only the best galvanized iron throughout, that will last a life-time.

SECOND—There is no cover to get loose and be carried away. The Cap of the new box cannot be removed without a Key, while its size and neatness contrast most favorably with the patch of the old cover. Moreover the Rod cannot be tampered with or the Cock injured.

THIRD—The area of the new box, in contact with the ground, is so small, that its liability to be raised by frost is reduced to a minimum.

All that is necessary is to see and understand it; appreciation and preference will naturally follow, as the price of this very superior article is no higher than that of the old box.

# 192 and 194 FULTON STREET,

BETWEEN ORANGE AND PINEAPPLE STS., **BROOKLYN.**

Being centrally located below the City Hall, all the principal lines of cars pass the door.

*Our Rooms are large, with high ceilings, well ventilated, newly refurnished with a separate desk and comfortable chair for each student, and in no place is comfort of the pupil more studied, and his moral training better attended to.*

## TO THE PUBLIC.

Our aim is to raise the institution to an equal footing with any other in the land. There is no reason why Brooklyn should not possess an institution of learning where all branches, preparatory to a Mercantile or Professional life, may be obtained, as well as elsewhere. There is no reason why our young men should be sent abroad at great expense, when by a little effort, all that is desired may be obtained at home.

Let our intelligent citizens lend us their aid by patronage and encouragement, and we will guarantee as thorough an education as can be obtained in any other place. We cordially invite parents and guardians to call and visit the institution for themselves. You can see our methods of teaching, and then you will be able to judge for yourselves. We do not wish to make any vain boasts, but are determined to give the public a chance to favorably say of us, "By their fruits ye shall know them."

### THE DESIGN OF THIS INSTITUTION

Is to impart to all our students a thorough and practical business education, in the shortest time, at the least possible expense (*day or evening*).

### BRANCHES TAUGHT.

Bookkeeping, Penmanship, Correspondence, Commercial Law, Business and Common School Arithmetic, Spelling, Grammar, Rhetoric, Algebra, Geometry, Navigation, Chemistry, Phonography, Telegraphy, Latin, Greek, Hebrew, German, French, and Spanish, or any other branch required to prepare for business.

## A WORD TO PARENTS.

Those who intend to give their children a good education, to prepare them for either a Business or Professional life should embrace, *at once*, the opportunity now offered. The benefits to be derived from this Institution are many and great. The students being *at home* will thus be under the immediate care of parents as well as of teachers. Large expense is saved, which always accompanies educational training at boarding schools. Those intending to take a complete course should enter at once, so that correct method and habit in such branches as Spelling, Penmanship, etc., may be acquired from the commencement.

## ANNOUNCEMENT.

The Principal of this Institution, W. A. KISSICK, A. M., has been well known for the past 17 years, in the cities of New York and Brooklyn, as a *successful teacher*, and will be happy to refer strangers, by permission, to gentlemen of the highest literary and social standing; also to former and present pupils, many of whom he has been instrumental in placing in positions of honor and emolument.

We have been 9 years in the present building.

## LADIES' DEPARTMENTS.

Separate apartments fitted with modern conveniences for Ladies and Misses, where they receive the same thorough instruction as gentlemen, in English and Commercial branches. Ladies prepared for examination as Teachers in any of the branches, at hours to suit.

---

# COMMERCIAL DEPARTMENT.

## THE BOOKKEEPING

Is thoroughly taught by a practical Bookkeeper. The terms Dr. and Cr. are fully explained; the nature of *entries* defined, and *journalizing* elucidated; Ledger Titles; *closing* and *opening* books, and *balance sheets* fully taught. As the student proceeds, every operation shall be thoroughly analyzed, until he is made familiar with all the principles of the science, and enabled to grasp the subject as a connected whole.

## COMMERCIAL LAW,

Relating to Contracts, Agency, Collections, Negotiable Paper, etc., is a part of the regular Commercial Course.

TERMS—Three months, $10 to $15. One year, $35.

## THE ENGLISH COURSE,

Consisting of Reading, Writing, Spelling, Grammar, Composition, Arithmetic, and Letter-Writing. Merchants and business men will agree with us, when we say that besides Penmanship, Arithmetic, Business forms and Bookkeeping—important as these unquestionably are—there are other things, without a knowledge of which, a good business education cannot be considered as complete. Among these, we would particularly mention correct spelling, punctuation, and a sufficient acquaintance with the rules of Grammar and Composition as will enable the student to compose either a good letter, business card, or advertisement. For the acquisition of these accomplishments, the ambitious student will find, in our Institution, the most ample facilities.

The full English Course, three months, $10 to $15. One year, $45.

## EVENING SESSION.

For the benefit of all those who may be unable to attend during the day, we hold an evening session from 7 till 9 P. M. None too backward or too old to learn, as each student will be instructed separately or privately.

## ELOCUTION.

Having secured the services of an Elocutionist of long experience, we are prepared to give instructions in this useful art. Particular attention is given to the training of the voice; correct pronunciation, articulation, emphasis, accent, etc., are carefully taught. Those having in view the Ministerial or Legal Profession should embrace, without delay, the rare opportunity now offered.

## LETTER-WRITING.

This accomplishment has been so much neglected in our Seminaries, that it is rare to find a pupil who is capable of composing even a tolerable letter.

By our system the student is taught, by the rules of grammar and composition, with constant daily practice, how to express his thoughts clearly and concisely. To the diligent scholar we assure the ability to compose a letter that may be the means o opening his way to prosperity and which will reflect credit on himself and his teache s.

BY THE PRINCIPAL, W. A. KISSICK.

His success in the past enables him to guarantee all persons great improvement. In removing Stiffness, Crampness, and Trembling of the Hand and making Bold, Rapid, Graceful and Off-Hand writers, he stands pre-eminent.

TERMS—One month, $5; three months, $10.

## COMMERCIAL ARITHMETIC

Embraces a complete knowledge of all the essential parts of Arithmetic, such as Common and Decimal Fractions, Percentage, Interest, Exchange, Equation of Payments, Avaraging Accounts, Partnership, Settlements, etc.

Three months, $10 to $15.

## NO CLASS SYSTEM.

There being no *class system*, Gentlemen and Ladies, whose early education has been neglected, will find with us superior advantages for reviewing and pursuing their studies *in private*. For backward boys this is a rare opportunity, as no pains will be spared to bring them forward as speedily as possible.

## DIPLOMAS.

All Students *faithfully* completing their course shall be furnished with Diplomas, which are often, in themselves, of more value to the Student than the sum paid as tuition fee.

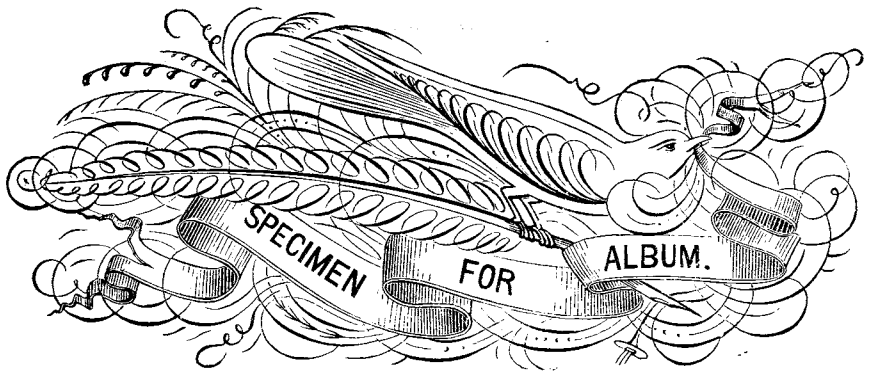
## EMPLOYMENT.

Of the large number of Students who have taken a complete Commercial Course at this Institution, not one of them has failed to procure a situation.

Merchants and others who want Bookkeepers, Cashiers, Clerks, etc., Male or Female, will find it to their advantage to call on the Principal; as none but *competent*, faithful and trustworthy persons will be recommended. No charge.

## PHONOGRAPHY.

Young men and women taught practically Short-hand Writing, fitting them for Verbatim Reporting—one of the most lucrative professions of the age.



## ASSISTANTS.

They are gentlemen and ladies of ability and long experience in teaching.

## DEPORTMENT.

The discipline of the Institute is mild but effective. We rule by love and not by fear. The Principal and his Assistants appeal to the Students' sense of gentlemanly propriety and behavior; yet prompt and cheerful obedience will be insisted upon, and no insubordinate person will be retained in the College.

## MATHEMATICS

Thoroughly taught—viz.: Algebra, Geometry, Trignometry, Conic Sections, Differential and Integral Calculi.

## GERMAN.

Taught by a native Professor, Day or Evening, $15 to $20 per quarter.

Students may be taught in class, separately, or the Teacher will go, if desired, to the residence of the pupil.

## Terms for the Full Business Course. Time Unlimited.

## The Thirteenth Year of this Institution Commences on Monday, Sept. 11th, 1882, at 9 o'clock.

---

There are no vacancies in the school for those who find it hard to tell the truth; or boys who use tobacco; nor for those who have any habit of speech or behavior at variance with purity of character.

There is but one regular session, beginning at 9 o'clock and closing at 1 o'clock. Besides this there is provided an afternoon Delinquent and Study Session. One purpose of this session is to afford pupils whatever assistance they may require to prepare their next day's lessons.

The general aim of the curriculum* in the Primary, Intermediate, and Academic Departments, is to give the scholar a *practical education*, much stress being laid upon the ability to write a good letter, properly arranged, correctly expressed and spelled, legibly written, clear and to the point.

The Preparatory Grades have oral instruction in French and German without extra charge.

The Collegiate Department covers Three Years.

The first year's honor† is a silver medal; the second, a gold medal; the third, a silver chaplet; the sixth, a gold chaplet; the ninth, a diamond chaplet. This last is bestowed only upon graduation.

For CALISTHENICS a large room is set apart, where daily instruction is given in this beautiful exercise.

The rates of Tuition for the regular English studies range from $5.00 to $25.00, payable in advance.

Pupils are received at any time, and charged from the date of entrance, except that no deduction is made for the first two weeks of the academic year.

**JOHN LOCKWOOD, Principal.**

# STREET AND AVENUE DIRECTORY

OF THE

# CITY OF BROOKLYN.

## COMPILED FROM THE OFFICIAL RECORDS

ADOPTED BY THE COMMON COUNCIL.

## LAIN & CO., PUBLISHERS,

10 BOERUM PLACE, BROOKLYN,

AND

121 Fulton Street, New York.

Showing the commencement and termination of each Street, Avenue, Place, Lane, Court, etc., in the City, together with corner numbers of every intersecting Street or Avenue.

### EXPLANATIONS.

If you desire to ascertain the location of any number—for instance, No. 250 Nevins street—you will observe that No. 249 Nevins is on the corner of Douglass, right side, and No. 256 Nevins is on the corner of Degraw, hence the desired location of No. 250 Nevins street is between Douglass and Degraw, on the right side.

Or, suppose you wish to take a car for the purpose of reaching as nearly as possible No. 569 Willoughby avenue. The Street Directory shows (see Willoughby avenue) that No. 511 Willoughby avenue is on the corner of Marcy avenue, and No. 581 is corner of Tompkins avenue, both on the left side, so that to reach No. 559 Willoughby avenue, you will leave the car at either Tompkins avenue or Marcy avenue.

Even numbers will be found on the right side, odd numbers on the left.

A * placed in the right or left column denotes that the street or avenue does not extend to that side.

A — denotes that there is no number on the corner.
